Ms. Thomas noted that the Board and Council staff will be hosting a stakeholder workgroup on October 14, 2025, from 12-3 pm, in collaboration with the Advisory Council during a Prescription Drug Affordability Advisory Council (PDAAC) meeting. The Board and Council staff will engage with stakeholders to identify opportunities for improving practices for collecting patient information during affordability reviews. Fifty people have registered to participate in the workgroup thus far.

### Rulemaking Hearing: Prescription Drug Affordability Board Rule 3 CCR 702-9: Part 4.3: Upper Payment Limit for Enbrel

The PDAB was in session for a rulemaking hearing at 10:08 am on PDAB Rule 3 CCR 702-9: Part 4.3: Upper Payment Limit for Enbrel. Dr. Diab did not participate in the rulemaking hearing due to a conflict of interest with Enbrel.

Staff outlined the procedure for the rulemaking hearing. Ms. Thomas presented the description of the rule, followed by staff-presented information for Enbrel on the following:

- Implementation monitoring and enforcement next steps;
- Review of UPL benchmarks and data; and
- Proposed changes to UPL Rule for Enbrel.

The Board began its deliberations on the rule at 10:26 am, including discussion and edits to the rule related to the UPL amount, unit, and effective date.

At 10:50 am, Dr. Gutierrez moved, and Dr. VandenBerg seconded a motion to convene an executive session to receive legal advice regarding the connection to the MFP, the rounding of the upper payment limit number, the clarification on the milligrams, and the impact of incorporating vials and syringe dosage strengths into the definition of UPL, pursuant to section 24-6-402(3)(a)(II), C.R.S. All Board members voted to convene an executive session. Dr. Diab did not attend the session due to his conflict of interest with Enbrel.

**DECISION:** At 10:50 am, the Board convened an executive session to receive legal advice regarding the connection to the MFP, the rounding of the upper payment limit number, the clarification on the milligrams, and the impact of incorporating vials and syringe dosage strengths into the definition of UPL.
