The Commissioner of Insurance Michael Conway, to administer the rate and health care cost reductions required under the Colorado Standardized Health Benefit Plan Act, §§ 10-16-1306(3)(a) and (4), C.R.S., and in accordance with 3 Code Colo. Regs. § 702-4, Regulation 4-2-92, issues the following Notice.

1. In January 2025, the Commissioner provided notice of proposed public hearing dates under § 10-16-1306, C.R.S., which are set to be conducted on dates between June 2, 2025, and July 22, 2025.

2. The March 1, 2025 Notices and filings indicated that none of the Carriers chose to file a complaint against a provider or providers that may have been the cause of the Carrier failing to meet the requirements of §§ 10-16-1305 and 1306. 3. To allow orderly progression of the public hearing proceedings and ensure timely conclusion of the process, the Commissioner requests the Division to file a status update by **May 30, 2025**, regarding its intent to file complaints against Individual or Small Group Market Carriers and the date by which the Division expects to file complaints, if any.

4. This Notice along with the Division's status report will be posted at <https://doi.colorado.gov/insurance-products/health-insurance/health-insurance-initiatives/colorado-option/colorado-option>.
